

EMBASSY OF BELIZE

July 24, 2017

Dear Belizeans,

I bring you greetings from your team at the Embassy of Belize in Washington DC, and by extension the government and people of our Jewel. Let me start by underscoring the tremendous honour it is to represent our government and people as we look to strengthen the ties between your motherland and your adopted home.

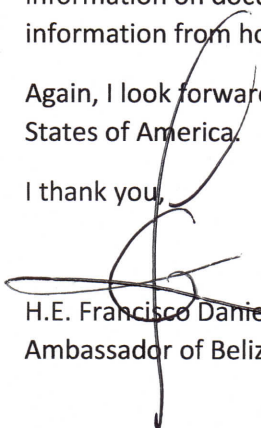

The mandate of our Mission is to work with the Government of the United States, the Organization of American States, our diaspora, well-meaning NGO's and the private sector. We will not exclude other entities or bona fide non-state actors desirous of a partnership that will result in the development of Belize and a betterment in the way of life for all our citizens.

On behalf of my family and I let me underscore my gratitude for the many of you who have extended kind notes of congratulations. Your welcome to the United States, kind offers of assistance, invitations to come visit and suggestions for improvement are welcome. It would be remiss of me not to point out, equally, that all Belizeans are welcome to our mission. It is a small piece of the jewel in the heart of your adopted home.

As Ambassador, I will do my absolute best to reach out to our diaspora. As Belizeans you are important to us. I encourage you to visit our new website, at belizeembassyusa.gov.bz where we will be providing information on documentation processing, and will strive to update you with new and relevant information from home.

Again, I look forward to serving, and eagerly anticipate a partnership with all Belizeans in the United States of America.

I thank you,

H.E. Francisco Daniel Gutierrez
Ambassador of Belize to the United States of America
